

## MITCHELL RANGE MASTER PLAN

# DEVELOPMENT APPEAL 2023

**WHY DOES THE CLUB NEED YOUR HELP?** Following the adoption of the Mitchell Range Master Plan (MRMP), it is now time to raise funds for development. The Club is in a strong financial position but needs your help to see through this massive investment and still have enough funds to keep the Club running and for contingencies.

**WITH YOUR HELP** the Club will be applying for major grant in 2023 and possibly 2024. Having to contribute a minimum of 20% will really test the Club's existing resources. **\$1 million** is the estimated total development cost – that's \$200,000 from the club!

**WHAT WILL THE DEVELOPED MITCHELL RANGE LOOK LIKE?** The aerial image indicates what the new range could look like in only a few years' time. The GCC has committed to the Club using the AIF Range until equivalent facilities are available on the MR site. The staged development will include:

- A 100m range with covered firing line.
- 3-4 new handgun ranges with covered firing lines.
- A new carpark on the existing overflow carpark.
- New clubrooms and indoor airgun range.
- Power and water connections.
- Toilet facilities.
